What you value matters.

We make our lives more meaningful by supporting others: our families, friends, and communities.

When we invest in our values, our actions shape our world.

For many, this path can be found through philanthropy.

BY SERVING OTHERS, WE CREATE A BETTER WORLD.

AT THE JEWISH COMMUNITY FOUNDATION,

we bring together like-minded people who are invested in building a better world through the core Jewish values of compassion, justice, and learning. Our years of experience and community history in the East Bay give us a unique ability to provide you and your family with the valuable tools and expertise that make charitable giving thoughtful and creative.

Whether you support local Jewish education or global relief efforts, we connect you with the causes that reflect your values.

If you and your family are ready to invest in your values, we would love to hear from you.
